Somebody Has Been Telling Stories Look-What a Record-Established in El Paso Over 5 Yrs.

Over five thousand patients treated—Not a single death—Not a single failure due to our fault or the fault of the treatment. Few due to any cause. And just to think— Over ninety per cent of them took medicines, serums, anti-toxins, vaccines and other "Pizens," Electricity, Vibration and organic animal extracts. And strange to relate not a single one developed cancers or consumption or shed the entire lining of their alimentary canals. In fact, we have so much confidence in the above lines of treatment that we have a standing offer of \$5,000.00 for the name of a single drug, antitoxin or serum that will produce cancers or consumption. Yes, we have been reating diseases this way for over fifteen years and have been fairly successful.

We Cure When Others Fall

Because we devote all our time and attention to the treatment of those diseases included in our specialty only. We have made a life long study of these diseases, spending thousands of dollars in research and have made many important discoveries and perfected old ones, evolving a special system of treatment for each particular class of troubles that is safe, surg and certain. The possession of such knowledge thus obtained accounts for the difference between success and failure. It means better office and laboratory equipment, concentration of effort and victory over disease.

In the treatment of all diseases included in our specialty WE ASSUME THE RISK, as we treat each case for a stated fee, which is niways as reasonable as is consistent with good services and attention. AND STILL MORE IMPORTANT IF A CURE DOES NOT RESULT OUR SERVICES COST ONE NOTHING, provided the patient follows our instructions and directions. Our offices are thoroughly equipped for the scientific treatment of Chronic, Nervous, Blood and Private Diseases and we extend an invitation to all sufferers to call FOR CONSULTATION, EXAMINATION AND ADVICE which is FREE and does not obligate one in any way.

CATARRH Among the many diseases which affect the human system, Nasal Catarrh is one of the most prevalent and liable to greater variety of dangerous complications. In its development the senses of smell, taste, hearing and sight suffer more or less, the threat and lungs often become involved. PINOZONE, a gas formed by a combination of ozone and pine oil generated by a special machine which we have recently installed, is producing some remarkable cures in the most obstinate cases. WE CURE SOME CASES FOR TEN DOLLARS.

DISEASES OF MEN In the treatment of the Special Pelvie Diseases of Men, we have devised, developed and perfected remedies that have for years given perfect satisfaction. No other treatment in our opinion is as effective, prompt and permanent in results. In connection with the above we have given particular time and attention to the treatment of LOSS OF VIGOR AND DRAINS, ERRORS OF DEVELOPMENT and all private diseases and weaknesses. It is not necessary to wait for months for results. Our remedies are applied directly and relief is prompt and permanent.

RHEUMATISM

Is a disease that has baffled the skill of many good physicians, the majority afflicted with the disease have tried so many different kinds of treatments with little or no benefit that they have become discouraged and think that nothing but a trip to some hot springs will give them rellief which it often does but rarely, if ever, cures. We have been using a new treatment for sometime that was recommended to cure ninety per cent of cases,

FREE BOOKS Describing the above diseases, their symptoms, prevention and treatment, SENT TO ANY ADDRESS in a plain sealed envelope. IF UNABLE TO CALL FOR EXAMINATION, WRITE us for information, book and symptom blank. Give a full history of your trouble and please mention this paper when writing.

DISEASES OF WOMEN All that class of diseases often referred to as Female Complaints, for which an operation is usually suggested and a removal of some of the vital organs performed, can in nearly every instance be cured by mild and painless methods of which we have made a specialty for years. We have recently fitted up a special department for the treatment of these troubles and have secured the services of a practical lady nurse who is always in attendance. Do not submit to an operation before consulting us; if an operation is absolutely necessary, we will advise it.

RUPTURE We can cure any case of rupture that can be retained with any kind of truss in three other discomfort is experienced from the treatment. WE GUARANTEE A CURE IN ALL CASES ACCEPTED or money refunded.

WHOM YOU SHOULD CONSULT

If your evesight is failing, go to a reliable oculist. If your hearing is defective consult a competent aurist. If a bad tooth is distressing you engage the skill of a good dentist. If you are burning with a fever or shaking with a chill or have any acute trouble go immediately to your family physician, BUT if you are afflicted with any deep seated chronic trouble consult reliable specialists. We have been here long enough and have effected enough cures We have been using a new treatment for sometime that was recommended to cure ninety per cent of cases, sither acute or chronic rheumatism and it has far exceeded our expectations in that we have cured seventeen out of eighteen cases, a record so far ahead of any other treatment in existence, that we do not hesitate to guarantee results and will treat any case of typical rheumatism on a guarantee making no charge for our services if a cure is not effected. All sufferers are invited to call and talk the matter over with us, it will not obligate you in any way and we will take pleasure in explaining how and why it cures after everything else fails.
